

BVCDC Camp Fire Policy

Campers, you may use any of the three firepits provided on the grounds - one in the grassed area and two on the western side of the campgrounds.

Private campfires:

- Are only allowed if contained in a firepit.
- Must be above ground with a tray under to catch ash if necessary.
- Must be put out and the coals and ash emptied into one of our three large firepits.

Anyone ignoring this rule will be asked to extinguish their fire.

Please take unused timber with you or place it by the firepits so that our grounds are kept tidy.

Management thanks you for your co-operation in these matters.

Thanks for choosing the Discovery Centre and enjoy your stay.
